presents a collection of writings on business and economics by paul krugman the ford international professor of economics at the massachusetts institute of technology mit provides access to some of his more recent and less formal articles written mainly for nonprofessional publications including items written for his columns in fortune and the online magazine slate links to the home page of mit and related resources

inspired by ayn rand s characters in atlas shrugged and the fountainhead penetrating profiles of both the innovators who move our world forward and those who seek to destroy the achievement of others john galt the fictional character from ayn rand s bestselling novel atlas shrugged has come to embody the individualist capitalist who acts

in his own enlightened self interest and in doing so lifts the world around him some of today s most successful ceos journalists sports figures actors and thinkers have led their lives according to galt s i e rand s philosophy now in i am john galt these inspiring stories are gathered with the keen insight and analysis of well known market commentator donald luskin and business writer andrew greta filled with exclusive interviews profiles and analyses of leading financial business and artistic stars who have based their lives and careers on the philosophy of the perennially popular ayn rand this book both inspires and enlightens on the other side are rand s arch villains the power seekers parasites and lunatics who would destroy that which the creators and builders make who are today s anti heroes fighting the creativity of the innovators contains insightful interviews profiles and analyses of the individuals who have lived by a randian code to achieve greatness for themselves and others offers a probing analysis of those who seek to destroy or undo the achievements of others from academics pundits and government bureaucrats to fraudsters who have wreaked havoc on our world engaging and entertaining i am john galt examines how the inspiration that is galt thrives more than 50 years after publication of atlas shrugged it will spark the interest of ayn rand fans everywhere as well as those seeking a way to succeed in today s turbulent and confusing times

when it comes to explaining current economic conditions there is no economist readers trust more than new york times columnist and nobel laureate paul krugman term after term krugman is earning that same level of trust in the classroom with more and more instructors introducing students to the fundamental principles of economics via krugman s signature storytelling style the new third edition of paul krugman and robin wells s economics is their most accomplished yet extensively updated to offer new examples and stories new case studies from the business world and expert coverage of the ongoing financial crisis watch a video interview of paul krugman here

with its signature storytelling style and coverage of current issues and events nobel laureate and new york times columnist paul krugman and co author robin wells s best seller is the most effective textbook available for explaining how economic concepts play out in our world this new edition offers incisive new insight into market power and externalities in microeconomics updated analysis of long run growth and extensive coverage of the economic impacts and policy responses to the coronavirus pandemic in macroeconomics

krugman wells takes a story driven approach that focuses on real world economics at work the book offers the hallmark clarity and engaging writing style that distinguish paul krugman s work from his best selling international economics text to his new york times best sellers

all the presidents men meets charlotte s in an explosive political exposé that blows the lid off a long held secret in washington the presidents pets are more than just furry photo ops how much does the public really know about the role of the president does the white house press corps really understand it does the president himself have a

clue all the presidents pets is the long awaited spine tingling muckraking blockbuster from political and pop culture commentator mo rocca a tour de force of investigative reporting that for the first time tells the true story of who really runs america from george washington s donkey royal gift and rutherford b hayes s siamese cat miss pussy to lincoln s goats nanny and nanko and john kennedy s welsh terrier charlie each has left an indelible mark on the white house in fact eisenhower s weimaraner heidi did leave a terrible stain on the diplomatic reception room carpet she was promptly exiled to ike s gettysburg farm in all the presidents pets rocca lays bare the true stories of our nation s first pets and sheds light on the origins and evolution of presidential power rocca plumbs rare sources with the assistance of veteran white house correspondent helen thomas the stefanie powers to his robert wagner for the poop er scoop on what really goes on in the west wing once helen reveals her deepest darkest secret the story turns dangerous filled with revelations and news breaks and an unforgettable cast including wolf blitzer ann coulter sean hannity and a terrifying albino named gephardt no relation this is yet another story that the complacent washington press corps missed forget paul o neill richard clarke who s that all the presidents pets is the groundbreaking political book that bob woodward could have written had he just spent a little less time with the president and a little more time with barney some will consider this satire mo rocca describes how u s political policy has been guided by presidential pets for more than two hundred years oh and i suppose you have a better explanation p j o rourke all the presidents pets is a deeply probing thoroughly engaging account about how the media has uniformly overlooked the white house pet phenomenon to the detriment of our national memory thanks to mo rocca no serious political commentator can properly analyze the bush administration without taking into consideration the barney factor and for good measure he has broken the story of helen thomas s lair a cosmic revelation that will force historians to reinterpret presidencies dating as far back as james garfield s tenure douglas brinkley professor of history and director of the eisenhower center for american studies university of new orleans a freaky phantasmagoric trip through the secret history of presidential pets robert siegel former editor in chief of the onion

nobel prize winning economist paul krugman argues that business leaders need to understand the differences between economic policy on the national and international scale and business strategy on the organizational scale economists deal with the closed system of a national economy whereas executives live in the open system world of business moreover economists know that an economy must be run on the basis of general principles but businesspeople are forever in search of the particular brilliant strategy krugman s article serves to elucidate the world of economics for businesspeople who are so close to it and yet are continually frustrated by what they see since 1922 harvard business review has been a leading source of breakthrough management ideas many of which still speak to and influence us today the harvard business review classics series now offers readers the opportunity to make these seminal pieces a part of your permanent management library each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world and will have a direct impact on you today and for years to come

who are the individuals whose novel ideas writings and philosophies have influenced economics throughout history and in doing so have helped change the world this encyclopedia provides a readable study of economics by examining the great economists themselves this book presents biographies of 200 economic thinkers throughout history supplying a one stop reference about the men and women whose ideas writings and philosophies created the foundation of our current understanding of economics depicting their subjects within the contexts of history development economics and econometrics these biographies provide an insightful overview of the world of economics through the economists of significance and the many subdisciplines topics eras and philosophies they represent economic thinkers a biographical encyclopedia begins by describing economic thinkers in ancient greece and rome moves through history to cover economists in the 15th through 19th centuries and addresses economic theory in the 20th century and the modern era written to be easily accessible and highly readable the work will appeal to students scholars general readers and anyone interested in learning about the historical and philosophical foundation of economics

paul krugman is a hero of mine read his book al franken no one has more authority to call the shots the way they really are than award winning economist paul krugman whose provocative new york times columns are keenly followed by millions one of the world s most respected economists krugman has been named america s most important columnist by the washington monthly and columnist of the year by editor and publisher magazine a major bestseller this influential and wide ranging book has been praised by businessweek as krugman s most provocative and compelling effort yet the new york review of books as refreshing and library journal as thought provoking even funny the american prospect put it in vivid terms in a time when too few tell it like it is krugman has taken on the battle of our time built from paul krugman s influential op ed columns for the new york times this book galvanized the reading public with wit passion and a unique ability to explain complex issues in plain english krugman describes how the nation has been misled by a dishonest administration in this long awaited work containing krugman s most influential columns along with new commentary he chronicles how the boom economy unraveled how exuberance gave way to pessimism how the age of corporate heroes gave way to corporate scandals how fiscal responsibility collapsed from his account of the secret history of the california energy crisis to his devastating dissections of dishonesty in the bush administration from the war in iraq to the looting of california to the false pretenses used to sell an economic policy that benefits only a small elite krugman tells the uncomfortable truth like no one else and he gives us the road map we will need to follow if we are to get the country back on track the paperback edition features a new introduction as well as new writings

wielding his widely recognized powers of explanation paul krugman lays bare the hidden facts behind the 2 trillion tax cut with huge budget surpluses just ahead the question of whether to cut taxes has shifted to when and by how much with fuzzy math paul krugman dissects the bush tax proposal and shows us who wins who loses and

how quickly the tax cuts will consume the surplus always the equal opportunity critic when it comes to faulty economics krugman also tucks into the democratic alternatives to the bush plan this little book packs a big wallop together with major media appearances it puts krugman s wisdom and steely eyed analysis firmly at the center of the debate about how to spend upwards of 2 trillion it may very well change the course of history

the massachusetts institute of technology has been and continues to be one of the most important global centres for economics with four chapters on themes in mit economics and 38 chapters on the lives and work of mit economists this book shows how economics became established at the institute how it produced some of the world s best known economists including paul samuelson franco modigliani and robert solow and how it remains a global force for the very best in teaching and research in economics with original contributions from a stellar cast the volumes provide economists especially those interested in macroeconomics and the history of economic thought with an in depth analysis of mit economics

this interdisciplinary volume explores the relationship between history and a range of disciplines in the humanities and social sciences economics political science political theory international relations sociology philosophy law literature and anthropology the relevance of historical approaches within these disciplines has shifted over the centuries many of them like law and economics originally depended on self consciously historical procedures these included the marshalling of evidence from past experience philological techniques and source criticism between the late nineteenth and the middle of the twentieth century the influence of new methods of research many indebted to models favoured by the natural sciences such as statistical analytical or empirical approaches secured an expanding intellectual authority while the hegemony of historical methods declined in relative terms in the aftermath of this change the essays collected in history in the humanities and social sciences reflect from a variety of angles on the relevance of historical concerns to representative disciplines as they are configured today

providing students of economics with a complete introduction to the subject this work includes examples not just based on us macroeconomic history but international experiences so will appeal to a european audience and give students a more realistic view of how economics works in the real world

adapted by paul krugman and robin wells from their bestselling microeconomics textbook microeconomics in modules is the only text for the principles of microeconomics course organized in the supremely accessible highly effective modular format instead of chapters of standard length the book covers the fundamentals of microeconomics in 45 brief 4 10 page modules divided into 14 sections microeconomics in modules offers the best of what makes krugman wells a classroom favorite story telling approach engaging writing fascinating examples and cases in a format students and instructors will love extensive educational research shows that students absorb more from

shorter reading assignments than longer ones and with coverage in self contained modules instructors can assign specific topics without asking students to read entire chapters

new york times bestseller an accessible compelling introduction to today s major policy issues from the new york times columnist best selling author and nobel prize winning economist paul krugman now with a new preface there is no better guide than paul krugman to basic economics the ideas that animate much of our public policy likewise there is no stronger foe of zombie economics the misunderstandings that just won t die in arguing with zombies krugman tackles many of these misunderstandings taking stock of where the united states has come from and where it s headed in a series of concise digestible chapters drawn mainly from his popular new york times column they cover a wide range of issues organized thematically and framed in the context of a wider debate explaining the complexities of health care housing bubbles tax reform social security and so much more with unrivaled clarity and precision arguing with zombies is krugman at the height of his powers it is an indispensable guide to two decades worth of political and economic discourse in the united states and around the globe and now includes a preface on zombies in the age of covid 19 with quick vivid sketches krugman turns his readers into intelligent consumers of the daily news and hands them the keys to unlock the concepts behind the greatest economic policy issues of our time in doing so he delivers an instant classic that can serve as a reference point for this and future generations

a complete and accessible explanation of the factors contributing to the onset of the 2007 financial and economic crisis the myriad factors are explained in an orderly way with simple terms the anticipation or not and reception of the crisis by mainstream economists and by austrian economics leads to reflection on the state of economic theory
